Working Together to Safeguard Children

We are committed to supporting all pupils/students and safeguarding their needs

Important information for you and your child

In Sheffield we have a number of ways to support children, young people and their families.

These processes include:

- **Information Sharing**
- **Early Help Assessments**
- **Multi-agency Working**

This leaflet helps to explain these processes to you.

Please ask us if you want some more information.

Information Sharing

It is usual practice for workers that are supporting you and your child to talk to each other to share relevant information.

We do this in order to identify and organise any support that is needed as quickly as possible.

We will also talk to **you** about your child so that we can all work together.

If you are worried about this or want to know more, please talk to us.

An assessment is a discussion between you and a member of our staff that can help to identify any support needs your child and your family may have.

Afterwards this discussion is written on a form called an Early Help Assessment (EHA) and it includes your thoughts and ideas.

If you give your permission the EHA can be shared with others working with your child(ren) to save you explaining things over and over again.

We will talk to you about:

- Your child(ren)s individual circumstances and what support they might need
- Other issues within your family that you may need support with

Ask staff at this setting to show you an Early Help Assessment form so that you can see what it involves.

Early Help Assessments

If different organisations are working with you it is useful for you all to meet so that support for your child can be discussed and agreed.

The meetings can take place at a time and place that is convenient and comfortable for you.

This way everyone can keep up to date, hear your views and work together better, keeping the focus on your child's needs.

Sometimes a worker will agree to co-ordinate the support for your child – this is called the 'Lead Professional' role.

Multi-Agency Working

Let's work together!

If anyone has a concern about the safety of **any** child or young person at this setting, there are people who can help.
